This is the biggest outreach of the year that we have for kids! Last year we had 250 kids and many were friends and neighbors from the community. Kids loved it and many understood for the first time what it means to have a relationship with God. We saw God use this in powerful ways and we are praying and watching with anticipation for what God will do this year as we partner with Willow North Shore in this outreach adventure.

Enclosed is the registration form, it can also be accessed on the website and you can register there as well www.northsubkids.com

Summer Plans

All ages will move up in the Fall rather than this summer.

Preschool

As our young kids GROW GREEN with GOD this summer, they will remain in their same rooms but will have different names.

Current 2's (Grapes)—**The Pines**

Current 3's (Bananas)—**The Maples**

Current 4's/K (Blueberries/Strawberries)—**The Oaks**

They will plant flowers and care for them throughout the summer as they hear from God's Word, Worship Him in large group and participate in activities, crafts and games in their classrooms.

Grades 1-5

Kids will begin each Sunday in the Service with parents before gathering downstairs in Swanson Hall. Throughout the summer they will be caring for the garden they planted (May 30) to give them hands on experience of some of the things they will be learning about. They will also have a lesson to work on at home to prepare them for the "Wheel of Fortune" Game show fun! Lessons will also be available on the website www.northsubkids.com

Summer Giving—Our summer offering will go toward sending the team to the Czech Republic (Joi & Laura Christians, Genevieve & Gail Mar, Ben Nilsen & Jackie Houriet have all been Involved teaching kids this year!) After the trip, it will go toward our missionaries, the Christians Family.

Volunteering for

We are so thankful for the amazing and faithful Volunteer Teaching Staff that have served this year (see next page). As they take a break for the summer, consider a special time with your kids volunteering in their class
